EVENT RUN-OF-SHOW

A timeline for event day: setup, stations, roles, and teardown. Fill it out with your team the week before.

Fill this out with your team a week before the event and bring printed copies. Example times assume a 2 hour event starting at 10:00. Cross them out and write your own.

EVENT NAME		DATE
LOCATION AND ROOM	START TIME	END TIME
HOST CONTACT (NAME AND PHONE)	SPARK GEARS MENTOR (NAME AND PHONE)	

ROLES

ROLE	NAME	JOB
Event lead		Runs the timeline, talks to the host, makes the calls
Station leads		One per station. Runs the activity and keeps the line moving
Greeter		Welcomes families, handles sign-in, points people to stations
Photographer		Photos and video. Asks permission before photographing faces
Floater		Fixes robots, refills supplies, covers breaks

TIMELINE

TIME	WHAT HAPPENS	WHO
8:45	Team meets at location. Unload supplies.	
9:00	Set up tables and stations. Charge and test every robot.	
9:40	Walk-through: each station lead runs their activity once.	
9:50	Final huddle. Confirm roles and break schedule.	
10:00	Doors open. Greeter starts sign-in.	
10:05	Quick welcome: who we are, what FIRST is (2 minutes).	
10:10	Stations running.	
11:00	Robot demo or driving challenge for everyone.	
11:15	Stations running.	
11:50	Wrap up. Hand out flyers about joining a team.	
12:00	Event ends. Teardown starts.	
12:30	Team debrief: what worked, what to change.

- [ ] First aid kit and water

TEARDOWN

- [ ] Count robots, batteries, and controllers
- [ ] Unplug and pack all chargers
- [ ] Put the room back the way you found it
- [ ] Thank the host in person
- [ ] Pack the supply kit and count small parts
- [ ] Pick up trash and wipe tables
- [ ] Collect the sign-in sheet and hour log
- [ ] Group photo with the team

IF SOMETHING GOES WRONG

PROBLEM	PLAN
A robot breaks	Swap to the backup activity at that station. The floater fixes it off to the side.
Way more kids than expected	Shorten each turn, combine two stations, or run a group demo while kids wait.
Nobody shows up for 20 minutes	Send two people with a robot to the library entrance or lobby to bring people in.
Someone gets hurt	Stop the activity, get the host and an adult, use the first aid kit. Call 911 if it's serious.

DEBRIEF NOTES
